3. [] has submitted a memorandum on the dissolution of UTG/A. He is proposing that the program be wound up as of 15 August, and this seems satisfactory to me.

4. The Reading Laboratory currently has [] students enrolled in the course and [] students in the screening program.

5. [] TLO of the Office of Operations, talked to me recently about establishing a laboratory in [] to give the Reading Improvement Course to about [] employees. After discussing the matter with [] I informed him that we do not currently have sufficient equipment or staff to establish such a laboratory and that in any event the expense of such a project would be more than we could recommend. I proposed that OO send these employees in groups of [] each to Alcott Hall to take the reading course here. He agreed that such an arrangement appeared to be the more practical.
